Section A: Permit Information

Enter the existing **MEPDES** Multi-Sector General Permit or No Exposure Certification number assigned to the facility identified in Section C. If you do not know the permit number call or write to your regional Industrial Stormwater Inspector (listed above).

Indicate the reason for submitting this **Notice of Termination** by clicking only one of the following buttons:

1. There has been a change in the listed owner/operator overseeing the facility or site identified in Section C. Include the date the change occurred.
2. Business operations have ceased, or the business has closed. Include the date of closure.
3. Title, Right or Interest in the facility has changed.
4. A change in operations has occurred that results in exposure of industrial activity or raw material to stormwater. The facility has filed a Notice of Intent to comply with Maine's Multi-Sector General Permit.
5. A change in facility operations such that industrial activity or raw materials are no longer exposed to stormwater. The facility has filed a No Exposure Certification.
6. The facility has filed an Individual/Alternative Permit for stormwater discharge associated with an industrial activity.
7. There has been a change in facility operational practices that eliminates all Industrial Activity, as defined in 06-096 CMR 521 (9)(b)(14). or the DEP Industrial Stormwater Inspector has determined that activity at the facility does not meet the definition of Industrial Activity, as defined in 06-096 CMR 521 (9)(b)(14).
8. The Department has determined the facility does not discharge stormwater to waters of the State or to a Municipal Separate Storm Sewer System.
